WHAT DOES YOUR SCORE RANGE MEAN?

Your performance is best represented by the score ranges above instead of one single score. The score range is an estimate of how your scores might vary if you were tested at different times within a short time period. Most of the time, your score would vary slightly within your score range, but it would likely fall within the range given, Colleges know this, and they receive the score ranges along with your scores.

710 680-740

HOW DO YOU COMPARE WITH COLLEGE-BOUND SENIORS? Percentiles compare your scores to those of other students who took

the test. The percentile for your critical reading score of 700 is 95, indicating that you scored higher than 95 % of last year's group of college-bound seniors. The percentile for your math score of 710 is 95, indicating you scored higher than 95 % of last year's group of college-bound seniors. The percentile for your writing score of 600 is 99, indicating you scored higher than 99 % of last year's group of college-bound seniors. State of Texas
